## Tropical Wind Threat

Expected wind threat related to Tropical Storm Barry

Weather Forecast Office  
Lake Charles, LA  
Issued Jul 12, 2019 5:21 AM CDT

Hurricane conditions are expected in the Hurricane Warning area tonight or Saturday morning, with tropical storm conditions expected to begin later today. Hurricane conditions are possible within the Hurricane Watch area by tonight or Saturday morning. Tropical Storm conditions are expected to spread across the Tropical Storm Warning area starting early today, with tropical storm conditions possible in the Tropical Storm Watch area by tonight or Saturday.

## Tropical Storm/Hurricane Warnings

Weather Forecast Office  
Lake Charles, LA  
Issued Jul 12, 2019 6:10 AM CDT

A Hurricane Warning means that hurricane conditions are expected somewhere within the warning area. A warning is typically issued 36 hours before the anticipated first occurrence of tropical-storm-force winds, conditions that make outside preparations difficult or dangerous. Preparations to protect life and property should be rushed to completion. A Tropical Storm Warning means that tropical storm conditions are expected somewhere within the warning area within 36 hours.
